

# Everything You Need To Know About Tennis Tryouts

☺ [Read Through the entire document please](#) ☺

**Location:** MVP Athletic Club

**Time:** 5-7AM (Be there a couple minutes early, and so will I)

**Days:** Monday-Friday (scroll down to see which days you play)

**Who will try-out:** All Returning Varsity Players, the top few JV Players from last season, players who play very frequently all-year long, and freshmen I invite.

**Why doesn't everyone tryout?** We get 5 courts at MVP to conduct tryouts, and last year there were 70 girls who went out for tennis. There are about 30 girls who play throughout the year, and that is how many girls will go inside.

**How may girls will make Varsity?** Twelve girls will start on varsity. So, about 2/3 of the girls coming to tryouts will play on the Junior Varsity team. The depth of our program is very strong right now, and the reality is that several talented tennis players will play on the Junior Varsity team. This is a big reason why we have worked so hard to bring in a talented JV Coach like Matt Gahan.

*\*If you are not on this list, but feel you ought to be considered for the Varsity team, email Coach Schwallier ASAP at [schwallierp@westottawa.net](mailto:schwallierp@westottawa.net). Remain calm; perhaps I made a mistake when typing the list. ☺*

## **Tuesday, Wednesday, Thursday, and Friday**

All players trying out on Monday should be prepared to tryout these days too, but each day some players will stop going inside once it is determined that they will play on the Junior Varsity Team. On Tuesday, some players on the list above will not need to get up at 4:00 AM anymore! Players trying for Singles should always be prepared to play before or after school.

[Note: If the weather allows outdoor play, we will play on our courts at West Ottawa. This would be announced on the blog on our website.](#)
